Pleasure of the Children.

There should be some time during the day, even in the busiest household, an hour at least, set apart in which the older members of the family should devote themselves wholly to the children. Little object lessons or stories containing practical knowledge told in an interesting way will be sure to hold their attention. The story of the gradual formation of the fruits, flowers and vegetables will delight them and will be eagerly looked forward to and always remembered.

HOGWALLOW HAPPENINGS.

(From the Hogwallow Kentuckian.) Washington Hooks is back from the village of Buzzard Knob where he went to find out what Isaac Hellwanger paid for a cow he has been trying to sell him for \$9.

The Excelsior Fiddling Band was summoned to the Wild Onion school house Saturday night to furnish music for the magic lantern show, but the bass fiddle jarred the chimney off the lamps and put out the lights.

The blacksmith at Bounding Billows died a few days ago and was buried among the blackberry bushes in the Gauder creek graveyard. He ordered a headboard put up at once with his name on it, so that the public would know that he was no longer in business.

Tobe Moseley's clock has run down again. Somehow this clock has never been able to keep up with the progress of time and has caused Tobe and his family a lot of trouble.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not, to take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Closed bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become bloodshot, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach. A heart tonic and alternative should be taken which has no bad after-effect. Such is Dr. Pierce's Golden Medical Discovery, which contains no dangerous narcotics or alcohol.

The ingredients, as attested under oath, are: Stearns root (Coffeyville Canadian), Bloodroot (Cassipourea Canadensis), Golden Seal root (Hydrastis Canadensis), Queen's root (Stillingia Syriatica), Black Cherrybark (Prunus Virginiana), Mandrake root (Podophyllum Peltatum), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive tissue waste in convalescence from fevers; for the run-down, anemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.

easiness and inconvenience. On one occasion it got so far behind that it caused Tobe to miss planting his potato crop altogether.

Fit Smith had the first chill of the season Wednesday morning. Fit takes pride in getting ahead in this community and is being praised on this occasion by his many friends. At the outbreak he will, it is expected, have the seven days variety of chills, but later when work gets more plentiful he will drop back to the regulation every other day kind.

Columbus Allison reported to the Deputy Constable last night that some one had been knocking on the floor of his home. The knocks were very mysterious and could not be explained, unless they were caused by hants. Upon investigation however, it was learned that the noise was made by one of the Allison dogs that was scratching fleas under the floor.

A mule being rode by Miss Fannie Allison wallowed in a puddle of molasses over at the sorghum mill on Gimlet creek Tuesday evening, but she escaped without getting any sweeter. The molasses will be allowed to remain on the mule and will be used as a flycatching device. The flies will light on the mule and then he will beat them to death with his tail.

Sap Spradlin was floundered in this morning all done up in bandages, and under the care of the assistant coroner. Sap engaged in a fight at Rye Straw with a fellow and after it was all over an argument arose between them as to who got the best of the difficulty. This brought on another fight which was quite severe. The bystanders, it seems, took sides with Sap, as they hauled him home, while the other fellow had to walk.

Doek Hacks and Ellick Hellwanger were arrested last Sunday by the Deputy Constable on a charge of engaging in a fight at the front door of the Dog Hill church. The

difficulty started over a dispute as to who should drink first at the election. Doek walked up and took up a gourd of water and asked Ellick to have a drink. Ellick says, "No, you go ahead and drink first." And Doek says, "No beauty before age—you go ahead and drink." The argument continued for about ten minutes in this fashion before blows were struck. In the meantime several dozen bystanders were anxiously waiting their turn at the cistern bucket.

A mass meeting of discussion and decisive action on the fly question was held at the wild onion school house Tuesday night. Several lively addresses were made against the fly by many of our leading people among whom was Fletcher Henstap, who grew vehement in his denunciation of them. For a while there was considerable feeling against flies in general. The result of the meeting was by unanimous vote the adoption of a resolution condemning the pests in very strong terms. Raz Barlow is authority for the statement that he saw a large drove of flies leaving Hogwallow early the next morning.

Washington Hooks says he wishes people would get things straight before they set into talking about them. He made the announcement from the top of a rail fence the other day that he expected to die in Hogwallow. Somebody repeated this to some one else, and the report was started that Wash was dying. Then the report traveled in every direction, and by the time it reached Musket Ridge it was told that he had tried to commit suicide.
